Cattle will be weighed on arrival given a 2% pencil shrink and sorted into uniform comingled groups at the barn's discretion

Sale Time Line

Sale Day: Friday, October 1, 2010

First Arrivals To Sale Barn:
Wednesday, September 29, 2010

Cattle Must Be Weaned By:

Tuesday, August 17, 2010

General Requirements for Cattle Consignment

- ✓ It is recommended that calves be weaned and off the cow for 60 days. More importantly, cattle must have been weaned and off the cow for a minimum of 45 days (no cattle will be accepted after the August 17th cut off date)
- ✓ Two rounds of properly administered vaccines must be given to the cattle. Furthermore, a copy of the invoice proving a medicine purchase must be provided with a completed entry form (vaccine details on sign-up form).
- ✓ All male calves must be steered/knife cut and healed prior to sale date
- ✓ All calves must be ear tagged with a designated "PreCon" tag provided by Purina (Purina Dealers and East Texas Livestock Auction will distribute the tags).
- ✓ All calves must be backgrounded on a Purina approved product and program (feed details on form or see your local Purina Dealer).
- ✓ At no cost to the producer, Purina will provide insurance on all consigned calves to cover death loss due to "Acts of God" (mainly... wind, lightning, fire). The insurance maximum is \$600/head.
